LIBERTY WORKERS SPEED UP AS FIRST BILLION MARK IS PASSED IN NEW BOND RACE

This District Ahead of Second
Loan, but Is Behind
Expectations.

FALLS TO FIFTH PLACE.

Slump in Manhattan and the
Bronx Fails to Discourage
Campaigners.

WASHINGTON. April 18.—New subscriptions of \$107,000,000 reported to the Treasury to-day sent the total Liberty Loan pledges over the billion mark to \$1,059,558,000.

"This figure," said a Treasury statement, "while encouraging, is unsatisfactory to the Liberty Loan committees. The daily average still is short of what it should be if the \$3,000,000,000 quota mark set for the country as a minimum is reached or exceeded."

From the Minneapolis Reserve District, which started its campaign Monday, came word to-day that 99 out of 314 counties have oversubscribed.

At this, the beginning of the tenth day of the Third Liberty Loan drive, New York's total of subscriptions amounts to \$12,000,000.

This report, given out at 11 o'clock, shows an increase over last night's total of \$13,410,000.

Something is going wrong with the loan in the Second Federal District, which is New York's. Holding first place over all the country a week ago and subscribing them to one-half of the total amount of the loan at that time underwritten in all the country, New York now has dropped back to fifth place in the standing of the Federal Reserve Districts.

St. Louis leads in per centage subscription of its quota with 47.2, followed by Boston with 45.2, Chicago is second, Dallas third and Kansas City next in line.

New York has achieved only 52 per cent of its minimum quota of \$29,000,000. To get only the minimum quota New York would have to have a daily subscription of \$26,000,000. Figures of the first nine days of effort indicate that New York's daily average is \$34,800,000.

Heads of the Liberty Loan Committee at No. 120 Broadway, while not concealing their disappointment at the sudden falling off for the district, say that the work of its 296,000 volume readers is, nevertheless, producing one of the great results sought. The small investor is coming forward and the campaign is permeating business fields not touched by previous loan drives.

It is the "big fellows" who are holding back, the drive managers declare, and against these all the batteries of persuasion are to be brought to bear. There have been 766,000 subscriptions so far.

The following large contributions were recorded to-day at the bond department of the Second Federal Reserve Bank:
